You are the Global Change Makers

At the heart of every thriving community are the dreams and aspirations of its youth. At Vasavi Foundation for Empowerment (VFE), we turn these dreams into reality. Our mission is simple but profound i.e to empower underprivileged meritorious students with opportunities that catalyse genuine transformation not just in their lives, but in the fabric of our society.

Transformation Impact Through Education

Imagine a bright, eager mind in a small village with dreams of becoming a doctor, engineer, or civil servant, yet constrained by the shackles of financial hardship. Through domestic donations, VFE supported over 2,801 such dreamers who are nurtured and supported to realise their dreams. Our commitment has translated into Rs. 1163.19 lakhs of funding towards scholarships, professional coaching for enhancement of employability skills and supporting 736 aspirants to get admissions for pursuing engineering studies in reputed institutes such as IIT, IIIT and NIT and other courses including MBBS, CA, CMA, Law etc. Over 641 of our beneficiaries got jobs in reputed corporates/institutions with attractive packages. Had we not supported them, they would have continued doing petty jobs/businesses.

Success Stories That Inspire

Each Dreamer has a name, a story, and a journey propelled by the generosity of kind hearted Donors like you. To name a few, Anjali, a daughter of a daily wage labourer, who is now a practicing lawyer, or Rohit, who once helped his mother sell vegetables but is now preparing for his civil services exam. There are 1000s of such success stories. These are not just success stories; they are beacons of hope that enlighten the path for countless others awaiting for their turns to shine.

Your Role in Their Journey

Now that we have received FCRA registration from Government of India, enabling NRIs to contribute donations to VFE, your support does more than just funding for one's education; it ignites potential to grow and fosters resilience.

Remember that your involvement isn't just about donating money; it's about investing in future of youth who have potential and promise for achieving economic prosperity for their financially weak families. Your contributions will invariably be impactful, helping us extend our reach and enhance our programs, to improve the lifestyles of many within the disadvantaged communities.
